

WAIST-HIGH DIGITAL SCALES

To fit your needs with style, accuracy and long-lasting, dependable performance

Detecto waist-high digital scales combine the best of all worlds in one light-weight, but rugged unit.

Model
EU522

Today's demand for convenient readouts is answered with a rapidly stabilizing and easily-read 12.7 mm high LCD display with serial connectivity and Body Mass Index calculation. These top-performing, compact scales feature a capacity of 200 kg x 0.1 kg and are available with or without a 76 cm - 198 cm height rod.

In addition, Detecto's digital scales are engineered for portability while beautifully withstanding everyday use. The slip-resistant base cover is easy to clean and adds to patient stability and assurance.
